

Flint and Genesee Literacy Network

Our Data Sources

Population Data Sources

- U.S. Census Department
- Decennial Census-Comprehensive population and demographic counts (Population-wide count conducted every 10 years)
- American Community Survey -Annual Survey of economic, housing, education, population, demographic, and other data (based on a representative sample of the population)
- WWW.data.census.gov

MI School Data

- State, district, and county-level educational data from the Michigan Department of Education
- www.mixchooldata.org

Kids Count Data Center

- Comprehensive database of national, state, and local youth data compiled and reported by the Annie E. Casey Foundation
- WWW.datacenter.kidscount.org

ALICE (Asset Limited, Income Constrained, Employed)

Independent survey of economic vulnerability compiled by United for ALICE

WWW.unitedforalice.org

Distressed Communities Index

- National survey of community/zip code-level economic distress, independently calculated and reported by the Economic Innovation Group
- WWW.eig.org/distredded-communities

Program Data Sources

Program data is self-reported and voluntarily provided to FGLN by our network of literacy partners. This data is held by FGLN in trust, and is used to evaluate program performance across our full spectrum of literacy partners.

Performance Data Sources

Performance data is collected and analyzed by FGLN on behalf of our partners. Aggregated performance data is shared freely with our partners and the community, while organization-specific performance data is only shared with the express permission of our partners.
